

Town Of Lovell  
Selectmen's Meeting Minutes May 8, 2012

Attendance- Turf Ramsden, Bob Drew and Stephen Goldsmith. Larry Fox and Tom McKenzie were also present.

1. We accepted last week's minutes. Turf made the motion and Bob seconded it.
2. We received notification that the LIPPC did receive their \$5,000.00 grant from the Ram Island Conservation Fund.
3. We discussed vacation and sick pay and how to word this properly.
4. We received a letter from Dick King, the commander of the VFW, requesting that we attend a meeting Thursday to discuss our arrangement with that facility. Steve called Dick to find out more information about this and to prepare for the meeting. Bob will be attending.
5. We signed a liquor license for Pleasant Point Inn.
6. Linda Prentice came in to ask permission to use the riding ring for a 1 day exhibition that she and her riding group would like to put on sometime in August. We told her that she could. We asked if she could please send us a letter on her group's stationary stating that they would not hold the town liable for any accidents.
7. There are no drug or alcohol tests this month.
8. Steve went over some figures he had worked on regarding this year's mil rate. Because the School Budget and the County Budget are up we will probably have to increase our tax rate this year, we are hoping to keep it under a 1 ½% increase.
9. Larry and crew will be working at Eastman Hill Road cleaning and repairing the plunge pools and they will be doing this a part of their certification with the State and the State will be there to supervise and evaluate the work.
10. Turf will be in court tomorrow with our ACO regarding an animal complaint.
11. Larry has purchased a tractor with a broom for the town; the cost was \$3,200.00
12. We adjourned at 8:50.
