

Town Of Lovell

Selectmen Meeting Minutes

June 10,2014

Attendance; Bob Drew, Turf Ramsden, Tommie McKenzie, Larry Fox, and Lynn Korth.

1. Reviewed and signed the Warrant.
2. Reviewed a White Mt. Oil Newsletter.
3. Discussed new workers comp forms in regard to work to be performed by JMack Docks.
4. Lynn Korth came in with a letter of thanks for notification of ditch work needed along Old Waterford Rd. before paving could be continued to complete the project, we asked Lynn to join us in a viewing and assessment of her property lines that the work could be completed in accordance with the the Municipal Release Deed Signed 12/18/2012. Lynn was unable to agree on her new mounumented lines and suggested the town need to hire a surveyor to properly interrupt the pins or legal action for any infringement may occur. We will meet with John Bliss and get measurements to mark the pins and run a line before ditching may be completed.
5. Lynn also voiced a concern that perhaps the Public Works Employees had cut brush along her property on 5A and impeded flow of water in the roadside ditch by leaving debris on or near her property lines. We accompanied Lynn to the site for inspection, it was deemed that no work had been performed by the Town Of Lovell in this area and perhaps she should contact Lucas Tree or CMP to voice her concerns and complaints for power line maintenance procedures adjacent to her property.
6. Approved June 3,2014 meeting minutes.
7. Tommie reported LVFD is applying for a new grant from the Mulford Fund, they are also working in preparation for Tour De Lovell and Lovell Old Home Days.
8. Larry reported that paving will begin next week.
9. Discussed siding repairs needed to the Fire Station Tim Chandler will assess the situation for repairs needed.
10. The steel pile at the transfer station was removed and new gravel will be added to the road .
11. Discussed an old planting of tree seedlings program Larry will contact Fred Burke to see if the program still exists.
12. Adjourned; 9:00
